## About the Role

The primary focus of the role is to provide digital support and lead on the development, coordination and implementation of the Cambridgeshire and Peterborough Region of Learning digital platform, aimed at young people aged 15 to 24 years.

## About the Cambridgeshire and Peterborough Region of Learning

The Cambridgeshire and Peterborough Region of Learning is a new scheme that will address a range of social, economic, educational and engagement inequalities for young people aged 15-24 years. It aims to close the participation gap, increase equality of access, and ensure that more young people from low-income backgrounds have the same opportunities and benefits from engaging in additional learning and accessing tailored labour market information as their more advantaged peers. The project is based upon a model developed by the RSA '[Cities of Learning](#)'.

Cambridge City Council and partners have developed a bold solution to meet the scale of the challenge posed by Covid-19 upon young people, delivered through a smart, universal passport to learning, skills and opportunity. Our proposal will provide a unified, place-based approach to improving skills and career outcomes, particularly for those with low social mobility. It will connect existing networks of employers, formal and non-formal learning providers, and a digital platform (mobile app) with a repurposed library card, that uses data from these providers to create digital pathways to more inclusive learning and employment.

The Region of Learning will use a digital platform which consists of a mobile app/web portal, that can be used alongside a repurposed library card (which will include both a barcode and smart chip). A feature of the scheme is that young people will be able to use the app, or card, to record their engagement in learning activities and experiences at a range of locations or venues, for example using contactless card methods or via 'card emulation software' through their mobile phone. Young people can therefore record their engagement in a digital, or non-digital way, depending on their preference and their engagement will be automatically added to a digital CV.

Young people will receive targeted communication of the holistic learning offer (formal, informal, adult learning, academic) in their area. The introduction of the digital app/card will provide a way for young people to set learning interest and career destination pathways, and opportunities to participate in a range of activities and experiences that meet their individual career interests, and fill gaps in either skills and experience to help realise their career goal and unlock work-based opportunities.

The project has received £625,000 of funding from the European Social Fund as part of the 2014-2020 European Structural and Investment Funds Growth Programme in England to deliver the Cambridgeshire and Peterborough Region of Learning. The Department for Work and Pensions is the Managing Authority for the England European Social Fund programme. Established by the European Union, the European Social Fund helps local areas stimulate their economic development by investing in projects which will support skills development, employment and job creation, social inclusion and local community regenerations. For more information visit <https://www.gov.uk/european-growth-funding>.

The Digital and Technology Officer 0.5 post is directly funded by the European Social Fund. Subject to additional project funding, this role may be increased and/or extended.

In addition to the traditional district council services, the City Council provides or commissions a comprehensive range of leisure and arts and community development activities. These services include: swimming pools and sports facilities, open air events in our parks and open spaces and a range of community centres.

The council's turnover is c. £155 million each year. Increasing levels of partnership working, an ongoing drive for greater efficiency and a clear focus on good customer service mean that we have developed new models for service delivery, driving change and different ways of working.

We are part of the only two tier devolution deal in the country- the Cambridgeshire and Peterborough Combined Authority oversees a devolution deal worth at least £770m. The Mayor of Cambridgeshire and Peterborough was first elected in May 2017. One of the Council's key priorities is to deliver at least 500 new council houses using a grant of £70m we negotiated as part of the devolution deal to meet affordable housing need in the city.

This devolution deal is in addition to the existing City Deal partnership for Greater Cambridge (the geography of Cambridge City and South Cambridgeshire). This agreement with Central Government promises up to £500 million worth of funding over the next 15 years.

## The Recruitment Process

### Advertising and Applications

All vacancies at Cambridge City Council, which are open to external applicants, will be advertised on our jobs website [www.publicsectorjobseast.co.uk](http://www.publicsectorjobseast.co.uk)

In the first instance, you will be required to submit either a completed **application form** online for a specific role via our jobs website; or where specifically stated in the advertisement or individual information pack a CV and Personal Statement via email. (*CV's and letters of application will only be accepted as a substitute for a completed application form where specifically stated*).

As part of our commitment to Equal Opportunities we want to ensure that every applicant is treated fairly and therefore, we also accept applications, CV's and Personal Statements in alternative formats such as hard copy. The Recruitment Team will be happy to discuss this with you.

The information you provide in your **application form** (or where required, in your **CV** and **Personal Statement**) is the only information that will be used in determining whether or not you will be short listed for the selection process. The **Job Description** for the role lists the main duties of the post and the **Person Specification** details the specific skills and knowledge required. You should look at these carefully and consider how you can match them in terms of your own experience, skills and knowledge.

You must tailor your application (or CV and Personal Statement) to the specific job.

### Applicants with Disabilities

The Equality Act 2010 defines a disability as 'a physical or mental impairment which has a substantial and long-term adverse effect on an individual's ability to carry out normal day-to-day activities'.

This covers a wide range of impairments from mobility, sight, hearing and speech impairments to 'hidden' impairments and illnesses such as arthritis, asthma, dyslexia, epilepsy, clinical depression, mental illness, cancer and multiple sclerosis. Under the Act, the Council has an obligation to ensure that:

- 1. Disabled people receive fair treatment throughout the recruitment and selection process and in their employment with the Council;**
- 2. Adjustments are made wherever reasonable to do so to allow disabled applicants to compete to the best of their ability during the recruitment process and to assist them in their employment with the Council.**

The Council is committed to fulfilling these obligations.

If you require assistance in completing an application form or need to make your application in an alternative format, please do not hesitate to contact the Recruitment Team: [recruitment@cambridge.gov.uk](mailto:recruitment@cambridge.gov.uk)

If you are an applicant with a health condition or a disability you can access additional support [GOV.UK](#), [Jobcentre Plus](#) and [Remploy](#).

## **Declarations**

If you are known to a Councillor or employee of the Council, we ask that you tell us so that we can make sure that all applications are treated fairly. Canvassing any Councillor or employee of this Council (i.e. seeking to gain an unfair advantage through personal contacts) will disqualify your application.

## **Personal Details and Equal Opportunities Monitoring**

Cambridge City Council is committed to a policy of equal opportunities in employment as well as service provision. To ensure that our Equal Opportunities Policy is effective we ask that you complete the Equal Opportunities Monitoring form. We are committed to our workforce being representative of the community that we serve and equalities monitoring therefore enables us to examine the make-up of our applicants and recruits; we can then analyse our practices and procedures and address any inequalities and ensure compliance with legislative requirements.

The monitoring information which we collect will enable us to ensure that our procedures are as fair and accessible as possible. Data will be analysed to spot trends and remove barriers or target areas where our policies and practices can be improved to boost equal opportunity.

## **Shortlisting**

After the closing date of the vacancy, the applications (or where specified the CVs and Supporting Statements) are read carefully to see how much each individual's knowledge, skills and experience match the requirements of the job role. Applicants who, in the opinion of the selection panel, best meet the requirements of the job are normally shortlisted for interview.

All applicants will be informed of the outcome of their application, whether or not you have been shortlisted for interview within four weeks after the closing date of the vacancy.

## **Interviews**

At the interview, the panel will ask questions which are intended to allow you to expand on your application or CV and to demonstrate the extent to which you meet the requirements of the post. You will also have the opportunity to ask questions about the job and conditions of service.

The interview panel is made up of at least two panel members who will ask each candidate the same basic set of questions. Supplementary questions may be asked based on the answers that you provide. In addition, you may be asked specific questions which relate to areas unique to you e.g. previous work history.

All the interviewers will take notes throughout the interview. The notes will enable the interviewers to recall which candidate said what in order to determine the best candidate for the job. It also provides a method of recording the interviewer's decision in a clear and consistent way.

In addition, the Council conducts tests, written exercises, presentations or other assessments in appropriate circumstances; you may therefore also be asked to undertake such exercises as part of the selection process for this vacancy. If this is the case, you will usually be notified in the interview letter.

## **Fair Recruitment**

The City Council puts great importance on ensuring that every stage in our recruitment process is fair and properly carried out. We have a duty to ensure that everyone is treated in a non-discriminatory way. We hope that you will feel that you have been treated fairly even if you are not appointed.

If you want to discuss why you have not been successful, please contact the recruiting manager in the first instance; who will be pleased to give you feedback.

## **Rehabilitation of Offenders Act, Disclosure and Barring Service & Basic Disclosures**

Cambridge City Council is committed to the fair treatment of job applicants and existing staff regardless of whether someone has a criminal record.

Under the terms of the Rehabilitation of Offenders Act 1974, it is reasonable for employers to ask individuals for details of any “unspent” criminal convictions. The Act states that if an offender remains free of further convictions for a specified period (the “rehabilitation period”) the conviction becomes “spent”. Under the Act, a rehabilitated person is not normally required to disclose “spent” convictions when applying for a job. Special care will be taken when dealing with evidence of convictions to ensure that “spent” convictions are identified and disregarded.

For posts that involve **working with children, young people and adults at risk**, which are exempt, all convictions, cautions, reprimands or final warnings which would appear on a DBS certificate should be disclosed, whether ‘spent’ or ‘unspent’.

For posts which require access to **Her Majesty’s Revenues and Customs (HMRC), Department of Work & Pensions (DWP)** systems and the **PSN-connected network** “unspent” convictions only should be disclosed.

The Council is registered with the Disclosure & Barring Service (DBS) to carry out Criminal Record Checks and Basic Disclosures. A **DBS Criminal Records Check** is used to assess job applicant’s suitability for positions that involve working with children, young people or adults at risk; which are exempt from the Rehabilitation of Offenders Act.

A **Basic Disclosure** is used to assess job applicants’ suitability for positions that require access to Her Majesty’s Revenues and Customs (HMRC), Department of Work & Pensions (DWP) Systems and the PSN-connected network.

If there are matters revealed in a disclosure that may affect your employment with the City Council, we will discuss these with you. However, a criminal record will not necessarily prevent someone from being appointed to or employed in a post. Decisions will depend on the post and the offence(s).

Candidates will be selected on the basis of evidence of essential skills, knowledge and experience.

**You should submit the information with your application in a sealed envelope marked PRIVATE & CONFIDENTIAL. You should be reassured that this information will only be seen by those who need to see it as part of the recruitment process. If you are not shortlisted the information will be destroyed unopened.**

At the interview stage, or during a separate conversation, discussion will take place about any offences or other matters that might be relevant to the post. Please note that all shortlisted applicants for posts working with children, young people or adults at risk will be required to complete a further Declaration of Criminal Record form.

All shortlisted applicants for posts that require access to Her Majesty's Revenues and Customs (HMRC), Department of Work & Pensions (DWP) systems and the PSN-connected network, will be required to complete a further Declaration of "unspent" Criminal Record form.

**Failure to reveal information that is directly relevant to the post, failure to provide satisfactory explanation or even providing false information could lead to withdrawal of an offer of employment.**

**If you wish to discuss any concerns or require further information on Criminal Records Checks and Basic Disclosures you can request a copy of the Disclosure and Barring Service Code of Practice and/or of the City Council's written policy on Criminal Records Checks/ Basic disclosures by contacting the Recruitment Team: [recruitment@cambridge.gov.uk](mailto:recruitment@cambridge.gov.uk)**

Cambridge City Council complies with the Disclosure & Barring Service Code of Practice and undertakes to treat all applicants fairly and not to discriminate unfairly against any applicant on the basis of a conviction or other information revealed from the disclosure process. Having a criminal record will not necessarily bar you from working with us as it will depend on the nature of the position and the circumstances and background of the offences.

### **Certificate of Good Conduct**

If you have lived abroad for a period of 6 months or more within the last 5 years, in addition to the basic disclosure check, a Certificate of Good Conduct will be required from the country you lived in. A Certificate of Good Conduct is a police records check from the relevant country as the Disclosure & Barring Service cannot currently access overseas criminal records or other relevant information as part of its Disclosure service.

You will be expected to obtain the Certificate yourself and will not be able to commence employment with us until both the Certificate of Good Conduct and Basic Disclosure are received and cleared by us.

You can find further guidance on how to go about obtaining a Certificate of Good Conduct from the country you lived in at <http://www.crb.gov.uk/Default.aspx?page=2243>.
